

# Frequently Asked Questions (FAQs)

## Q: Why would I want to use Nice 'n CLEAN® Antibacterial Hand Wipes instead of sanitizing gels?

**A:** Like sanitizing gels, Nice 'n CLEAN Antibacterial Hand Wipes kill 99.99% of germs and bacteria. However, sanitizing gels don't have the cleaning properties of Nice 'n CLEAN Antibacterial Hand Wipes to clean soil and bacteria from hands and surfaces. Also, most sanitizing gels are alcohol-based and therefore drying, while Nice 'n CLEAN Antibacterial Hand Wipes contain aloe vera to leave hands soft and clean.

## Q: What is Nice 'n CLEAN?

**A:** Nice 'n CLEAN is a brand dedicated to helping families stay healthy and well. It is the only full line of premium wipes including baby, facial, moist toilet tissue, feminine hygiene, lens and antibacterial hand wipes. The brand is guided by a vision to provide gentle yet effective wet wipe products that meet the specific needs of caring parents, their families and the environment. Nice 'n CLEAN is manufactured by Nice-Pak, a trusted pioneer of health & wellness solutions for the consumer, healthcare and foodservice markets and the global leader in the design, manufacturing, marketing and distribution of premium quality branded and private label pre-moistened wipes.

## Q: How long has the Nice 'n CLEAN brand name been around?

**A:** In 1960, Nice-Pak shipped its first product to customers under the Nice 'n CLEAN brand name.

## Q: What is FARE?

**A:** Food Allergy Research & Education (FARE) works on behalf of the 15 million Americans with food allergies, including all those at risk for life-threatening anaphylaxis. FARE's mission is to improve the quality of life and health of individuals with food allergies, and to provide them hope through the promise of new treatments.

## Q: Does my purchase of Nice 'n CLEAN Antibacterial Hand Wipes benefit FARE in any way?

**A:** Nice 'n CLEAN is the exclusive wet wipe sponsor and proud supporter of FARE. As part of this commitment, 1% of all purchases of Nice 'n CLEAN Antibacterial Hand Wipes will be donated to FARE to help advance their critical education and advocacy work in communities across the country.

## Q: Do Nice 'n CLEAN Antibacterial Hand Wipes remove all peanut residue from hard surfaces?

**A:** Nice 'n CLEAN Antibacterial Hand Wipes are proven to remove 99% of peanut residue from hard surfaces.

## Q: Can Nice 'n CLEAN Antibacterial Hand Wipes remove peanut allergens from hands?

**A:** In 2004, a study<sup>1</sup> titled, "Distribution of Peanut Allergen in the Environment" concluded that for removal of peanut allergens from hands, commercial wipes were very effective. Plain water and hand sanitizers were not as effective in removing peanut allergens.

## Q: Aside from removing peanut residue, can I still count on Nice 'n CLEAN Antibacterial Hand Wipes to remove germs?

**A:** Yes - Nice 'n CLEAN Antibacterial Hand Wipes kill 99.99% of germs on hands.

## Q: What is TENCEL® fiber?

**A:** TENCEL fiber is an ultra-soft fiber made with the wood pulp of eucalyptus trees grown in sustainably managed forests, and they're a 100% renewable resource. Nice 'n CLEAN Antibacterial Hand Wipes and Baby Wipes are made with TENCEL fibers, so they are a good choice for environmentally-conscious families and are part of Nice-Pak's commitment to sustainability. For more information on Nice-Pak's sustainability commitments, visit [nicepak.com](http://nicepak.com).

## Q: Are Nice 'n CLEAN Antibacterial Hand Wipes environmentally friendly?

**A:** Nice 'n CLEAN Antibacterial Hand Wipes are made with TENCEL fibers, a 100% renewable resource, making them an environmentally friendly choice for families.

## Q: Where do I buy your products?

**A:** You can find a size to meet your needs including a 5x20ct Family Value Pack at Walmart, CVS, HEB, BJ's and other fine retailers.

## Q: Are Nice 'n CLEAN Antibacterial Hand Wipes made in the U.S.A.?

**A:** Yes, they are made in the U.S.A. with domestic and imported materials.
